MANDY MEINDERSMA
## Senior Software Engineer

ACCEPTED CONFERENCE TALKS

- Building up with Open Source
- Liven up Technical Talks
- Hacking a Rotary Phone
- Writing a Technical Resume

HANDS ON WORKSHOPS

- The joys of Leet code!
- Help! What kind of Developer do I want to be?
- Technical Resume Reviews
- Making your first Open Source Pull Request
- Decoding the WWII Enigma

SUITABLE AUDIENCES

- Post secondary students
- Junior to intermediate engineers
- People wanting to change careers into a more technical role

ABOUT ME

I make interactive technical presentations and hands-on workshops. I deep dive into technical details with humour (and usually cats)!

TESTIMONIALS

"Normally Software Engineers are so dry but I could hear the laugher from down the hall!"

"git connect --force
Not trying to be flattering, your session was the best amongst the others in the DevCon. Your slides were interesting to look at and I learnt quite a few new things from your resources"
